Dear Employees,

As we all adjust to this new normal, my thoughts are with you and your families and I hope you're staying safe and healthy. I know that we are all sending positive healing thoughts to those employees who have tested positive and are home resting and getting well. COVID-19 has revealed a great deal about who we are as a team and I'm moved by your continued resilience and resolve. The last couple of months have been emotional and trying for all of us, but **I continue to be inspired by your commitment to serve, and the genuine moments of kindness**, large and small, that are seen every day.

We like to call these moments, **Nextraordinary™ moments**; to which we've created a **short video** to showcase some of those moments and included just some of the many wonderful notes from residents and family members we've received. [Please watch and enjoy.](#)

Mather is committed to providing you with resources to assist you and your family at this time. We encourage you to use these online resources:
