Now in its 25th year, Ranking Arizona is an annual publication presented by Az Big Media. More than 15,000 companies compete annually and approximately 2,500 winners are profiled each year. Splendido has been recognized in past years, but this is the first year that the Life Plan Community has been named first in its class.

Over one million people cast their votes based on their opinions of the quality of products and services provided and with whom they would recommend doing business.
