

Welcome to Mather's Garden Community!

We are so excited for you to join us! Included in this box are the supplies you'll need to grow and care for your *Grow-It-Together* (G.I.T) garden. A few things to know:

Getting Started

Included in your kit are illustrated instructions on supplies, setting up your garden, and planting your seeds. Our **Setting Up Your Garden and Planting videos** can be found on our resource page, at <https://www.Mather.com/GIT>.

Join Us on Zoom

Each month, you can join us on Zoom for a live **Garden Club Session** where we'll discuss a special gardening topic, the process of hydroponic gardening, and any questions that you may have. Garden Club takes place on the second Wednesday of each month from 1:00–2:00 p.m. CT.

We also have a **Garden Setup Session** on the second Wednesday of each month from 11:00 a.m.–12:00 p.m. CT, where we'll discuss setting up your garden and planting seeds. No need to pre-register. Follow this link to attend: <https://us06web.zoom.us/j/82266058251>.

Find Resources on Our Website

This kit contains a printed tip sheet, supply list, and instructions for setting up your garden and planting your seeds. To download the rest of the illustrated instructions and view all our videos, go to <https://www.Mather.com/GIT>.

Join Us on Facebook (optional)

To join our community of gardeners on Facebook, go to:
<https://www.facebook.com/groups/mathergardencommunity>.

This is a great opportunity to share pictures of your garden, ask questions, and connect with others.

Contents of Your G.I.T. Garden Kit:

Included in this kit you should have all the pieces of your hydroponic garden, as well as seeds for arugula, spinach, dandelion, mint, and basil. Your garden can grow other seeds, but these will be great starters as you learn how your G.I.T. garden works.

All Mather Garden Kits are automatically under warranty with RainPoint, and there is no action necessary to activate this. If you have maintenance issues with your garden, you can contact RainPoint at support@rainpointonline.com for support. Be sure to let them know that you received your kit from Mather!

We look forward to gardening with you! If we haven't addressed your initial questions or you find your kit is missing an item, please email us at kits@mather.com.

Warmly,

Mather's Garden Community Team
